Roma, 5<sup>th</sup>-6<sup>th</sup> April 2019

## Course Directors:

Prof. Dr. Fabrizio Stocchi  
Prof. Dr. Murat Emre

# 5<sup>th</sup> Mediterranean School on Movement Disorders

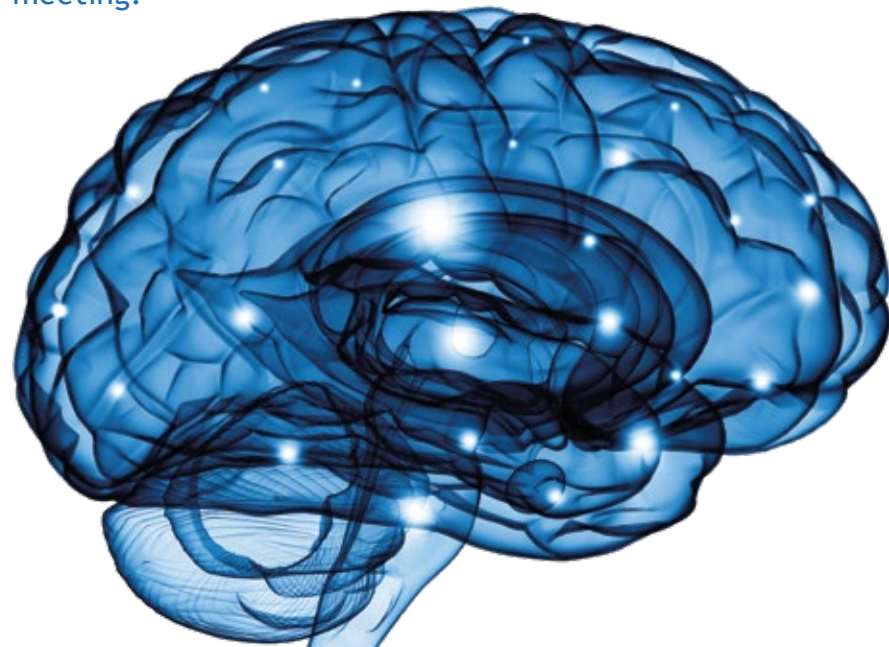

## Invitation

Following the revival of the **Mediterranean School on Movement Disorders** and the successful meeting in Salerno last year, the next meeting will take place in **Rome, on April 5<sup>th</sup>-6<sup>th</sup>, 2019**.

Similar to the last year's meeting and based on the very positive feed-back received, interactive sessions will be one of the highlights of this year's meeting, with live patients and video case presentations on all aspects of movement disorders.

In addition, presentations on not-so-often covered, but cumbersome non-motor symptoms in Parkinson's disease such as gastro-intestinal and cardio-vascular problems will be included along with presentations on the role of physiotherapy and an update on risk factors for Parkinson's disease.

We look forward to hosting as many colleagues as possible and having a lively, interactive meeting.

*Course Directors*  
Prof. Dr. Fabrizio Stocchi  
Prof. Dr. Murat Emre

Roma, 5<sup>th</sup>-6<sup>th</sup> April 2019
